

Dear Parent,

Thank you for contacting Family & Childcare Resources of N.E.W. for assistance with your child care needs. Enclosed is a list of child care programs that most closely match your needs.

The child care programs provide us with information about their business. We update information regularly. It is your responsibility to find the best care for your child/ren.

Choosing child care is an important decision for your family. The providers on your list may or may not have openings, and openings fill quickly, so we strongly suggest you call providers as soon as possible. To ensure the best possible care for your child/ren, we also suggest you interview providers, schedule visits, compare programs and check references. More information is available through our office (920)-432-8899 or on our website, www.fcrnew.org.

Parent observation and feedback is important to the child care industry. When visiting any child care program, if you notice conditions or practices that you feel may be harmful or hazardous to children, please contact our office.

If you are unable to find an opening from this list, or you need to change child care providers, please contact Tracie Reese. For more information on early childhood development and quality child care, visit our website at, www.fcrnew.org.

We wish you success in your search.

Sincerely,

Mary Rose Perez
